Adoption Fees: Adoption fees will range from \$100.00 to \$250.00 for dogs and \$60.00 to \$100.00 for cats. All pets are spayed/neutered, up to date on shots and temperament tested. Adoption is a great value. The cost of spaying and neutering alone ranges from \$110 for a male dog to over \$200

for a female dog. All pets are also up to date on shots and many are also microchipped. Payment options vary (cash, check and some accept credit cards).

Will I be able to bring a pet home that day? This depends on the adoption policy of the individual rescues and shelters. Some organizations will adopt pets at the event that day and some require home visits. Please refer to the organization's websites for their policies.

Helpful Adoption Tips: If you rent, we recommend you bring proof with you to the event that you can adopt a cat or dog and/or your landlord contact information. It may also be helpful to bring contact information for your veterinarian and personal references and photos of your fenced yard.

Should I bring the dog I currently have to the event? Yes, we encourage families to bring their current dog to the event to introduce to available dogs. Staff and volunteers may also be able to give their opinion on whether it is a good match.
